

+ Understanding Your Prescription Benefit Program

Providing you with the tools and resources to help you make better drug therapy decisions

Your Prescription Benefit Plan through SmithRx.

SmithRx is your prescription benefit provider and is dedicated to giving you the best service and resources to help you and your family make better healthcare decisions.

Using Your Prescription Drug Card at Retail Pharmacies

You will receive a prescription card from your employer. Please present your card with your prescription to any of our 67,000+ retail pharmacies every time you fill your prescription. You can access a participating pharmacy list at www.mysmithrx.com.

Using Your Home Delivery Benefit

Taking advantage of your home delivery benefit may enable you to receive up to a 90-day supply of your medication(s) at a discounted price through Magellan Rx Home. Just ask your physician to write two prescriptions: one for a 30-day supply to get you started (to be filled at your local pharmacy), and one for a 90-day supply, plus additional refills (to be filled at the home delivery pharmacy). To get started you can:

- **E-prescribe or Fax:** Have your doctor e-prescribe or fax your prescription to (866) 642-5620. Faxed prescriptions may only be sent by a doctor's office and must include patient information and diagnosis for timely processing.
- **Mail:** Mail us your 90-day prescription, completed order form with payment to: PO Box 620968, Orlando, FL 32862

Please note: For prompt delivery, please provide your payment information by mailing in your completed order form or by calling 1 (800) 424-5894.

Online Tools at www.mysmithrx.com

Secure online connection, protecting your confidentiality and providing:

- Drug formulary & lookup tools
- Trusted drug and health condition information & education
- Real-time benefit information
- View and download pharmacy claims
- Find a participating pharmacy
- Download claim reimbursement, prior authorization request, specialty pharmacy enrollment, and mail order forms

Formulary Changes

To help provide our customers with access to safe, high-quality and cost-effective prescription benefits, it is necessary to classify some drugs as preferred and others as non-preferred drugs on the SmithRx formulary. Access our full formulary at www.mysmithrx.com to see how your medication is classified.

Additional requirements for coverage or limits on certain medications may include:

Your Plan may have additional requirements for coverage or limits for select prescription medications. These requirements and limits ensure that members use these medications in the most effective way and help the Plan control medication costs. A team of practicing physicians and pharmacists developed these requirements and limits to help your Plan provide quality coverage to members. Please consult the formulary on our website for more information.

Quantity Limits

For certain medications, your Plan may limit the amount of the medication that will be covered per prescription or for a defined period of time. For example, your Plan may provide up to 30 units per 30-day period for a formulary medication.

Step Therapy

In some cases, your Plan requires you to first try one medication to treat your medical condition before it will cover another medication for that condition. For example, if Drug A and Drug B both treat your medical condition, your Plan may require your physician to prescribe Drug A first. If Drug A does not work for you, then your Plan will cover Drug B.

Prior Authorization

If your physician prescribes a medication requiring a prior authorization, you will need to go through a prior authorization process. We review requests for these selected medications to help ensure appropriate and safe use of medications for your medical condition(s). Your physician can call, fax, or submit prior authorization requests electronically. For a list of select medications that require prior authorization, please contact Customer Service at (844) 454-5201.

National Chain Pharmacy Listing

This is a list of the national chain pharmacies that participate in the SmithRx commercial pharmacy network. Many independent pharmacies across the United States also participate in our network. This list is subject to change. To determine if a pharmacy is in our network, please log into the portal.
